

THE FASEB JOURNAL

Volume 11, Number 4

March 1997

Table of Contents

Serial Reviews

- Hepatic Canalicular Membrane 3: Bile acid transport across the hepatocyte canalicular membrane. *F. J. Suchy, C. J. Sippel, and M. Ananthanarayanan* 199
- Sulfation and Sulfotransferases 3: Enzymology of human cytosolic sulfotransferases. *C. N. Falany* 206

Reviews

- Chemical arrows for enzymatic targets. *R. F. Colman* 217
- Heritable Diseases of the Skeleton, Part II: Molecular insights into skeletal development-matrix components and their homeostasis. *S. Mundlos and B. R. Olsen* 227
- Prostaglandin H synthases, nonsteroidal anti-inflammatory drugs, and colon cancer. *G. N. Levy* 234
- Sialic acids as ligands in recognition phenomena. *A. Varki* 248

Research Communications

- A unique transporter of S-adenosylmethionine in African trypanosomes. *B. Goldberg, N. Yarlett, J. Sufrin, D. Lloyd, and C. J. Bacchi* 256
- Paraquat induces actin assembly in depolymerizing conditions. *A. Milzani, I. Dalledonne, G. Vailati, and R. Colombo* 261
- Retinoic acid increases arrestin mRNA levels in the mouse retina. *E. Wagner, P. McCaffery, J. Mey, F. Farhangfar, M. L. Applebury, and U. C. Dräger* 271
- Dual control of seminiferous tubule contractility mediated by ET_A and ET_B endothelin receptor subtypes. *A. Tripiciano, F. Palombi, E. Ziparo, and A. Filippini* 276
- Stem cell factor stimulates chicken osteoclast activity *in vitro*. *R. J. van't Hof, M. von Lindern, P. J. Nijweide, and H. Beug* 287
- Highlights—Experimental Biology '97** 294

The FASEB Journal is the Official Publication of the Federation of American Societies for Experimental Biology
The American Physiological Society • American Society for Biochemistry and Molecular Biology • American Society for
Pharmacology and Experimental Therapeutics • American Society for Investigative Pathology • American Society for
Nutritional Sciences • The American Association of Immunologists • The American Society for Cell Biology
Biophysical Society • American Association of Anatomists • The Protein Society
