

# THE FASEB JOURNAL

Volume 11, Number 5

April 1997

## Table of Contents

### Life Sciences Forum

Biomedical Research: A Louisiana Purchase for the 21st Century. *P. G. Rogers* . . . . . 305

### Serial Reviews

Hepatic Canalicular Membrane 4: Expression of the multidrug resistance genes in the liver.  
*J. A. Silverman and D. Schrenk* . . . . . 308

Sulfation and Sulfotransferases 4: Bioactivation of mutagens via sulfation. *H. Glatt* . . . . . 314

### Reviews

Aging processes, DNA damage, and repair. *B. A. Gilchrest and V. A. Bohr* . . . . . 322

Sequence motifs for calmodulin recognition. *A. R. Rhoads and F. Friedberg* . . . . . 331

Connectin/titin, giant elastic protein of muscle. *K. Maruyama* . . . . . 341

G-protein-coupled receptors: molecular mechanisms involved in receptor activation and selectivity of G-protein recognition. *J. Wess* . . . . . 346

Mammalian membrane metalloproteinases: NEP, ECE, KELL, and PEX. *A. J. Turner and K. Tanzawa* . . . . . 355

Vascular development: cellular and molecular regulation. *L. Beck, Jr. and P. A. D'Amore* . . . . . 365

### Commentary

On the virtual existence of superoxide anions in mitochondria: thoughts regarding its role in pathophysiology. *H. J. Forman and A. Azzi* . . . . . 374

### Research Communications

CD10 plays a specific role in early thymic development. *S. Guérin, B. Mari, L. Maulon, N. Belhacène, D. Marguet, and P. Auberger* . . . . . 376

Leptin gene is expressed in rat brown adipose tissue at birth. *S. Dessolin, M. Schalling, O. Champigny, F. Lönnqvist, G. Ailhaud, C. Dani, and D. Ricquier* . . . . . 382

Aerobic glycolysis by proliferating cells—a protective strategy against reactive oxygen species. *K. A. Brand and Ulrich Hermfisse* . . . . . 388

*The FASEB Journal* is the Official Publication of the Federation of American Societies for Experimental Biology  
The American Physiological Society • American Society for Biochemistry and Molecular Biology • American Society for  
Pharmacology and Experimental Therapeutics • American Society for Investigative Pathology • American Society for  
Nutritional Sciences • The American Association of Immunologists • The American Society for Cell Biology  
Biophysical Society • American Association of Anatomists • The Protein Society
